ABOUT ME

- With 23 years of experience in software and technology, I offer a versatile skill set encompassing consulting, presales, support, and services. As a hands-on architect, I have gained extensive expertise across the ASEAN region, India, and Australia. My in-depth knowledge of IBM Technology positions me perfectly for a dynamic customer-facing role where I can leverage my skills to drive impactful solutions.

SKILLS

- IBM Technology
 - Sales Engineering
 - AI & Analytics
 - Solution Architecture
